To make up the sum of Rs 1,918 for which there is an allotment of Rs 300 in the distribution already made, an additional grant of Rs 2,424 or Rs 2,500 in round numbers is necessary.

From informal enquiry made in the Comptroller's office it is ascertained that as against the grant already awarded a sum of Rs 49,530 was drawn up to the end of January 1930 and the owners may perhaps be called upon to surrender a sum of Rs 500 so that it may be utilised for meeting the cost of the establishment in question

Letter No. 444 WAD. Misc. dated the 12th November 1929, from the Comptroller of Mysore, to theChief Engineer of Mysore.

Adverting to Government Order No. L.5091-5109-Ml. 94-24-7 dated 19th January 1929, approving of your proposal for the entertainment of certain staff for work in connection with the -- Sanitary and Town Planning Schemes of Local Bodies, sanctioned in Government Order No. L.1364-82/Ml.94-24-1 dated 18/21st August 1924, etc., I have the honor to state that the establishment is now working under the Executive Engineer, Sanitary and Town Planning Division at a monthly cost of Rs 579/- so that the annual cost comes to Rs 6,948 (Rs579 x Rs 12)= against which there is only a provision of Rs 360 under the grant for Town Improvements in the current year's budget. The cost on account of the establishment at Rs 579/- is however being provisionally passed under 30 grants (3) Improvement of Towns and Minor Municipalities in accordance with the Government Order No. L.3538/Ml. 94-24-3 dated 10th Novr: 1924.

As no provision appears to have been made in the Budget for the current year, I request you will be so good as to point out the - source from which the said cost may be met.

I may however state for your information that there is an un-allotted balance of Rs 9,830 out of the Government Grant of Rs 1,00,000 under Town Improvement Grants. If you think that this can be made use of for meeting the above cost, ordersof Government may be kindly obtained therefor.
